

VEHICLE CLASSIFICATION

Assi-sagoma-System

Vehicles are classified using the Assi-Sagoma (axle and profile) system into five categories: two for two-axle vehicles, and three for vehicles or vehicle combinations with three or more axles, as shown below.

CLASS A

2 AXLES - Height ≤ 1.3 m (measurement at the front axle) / Only scooters with a cylinder capacity over 150 cc are allowed on the motorway.

CLASS B

2 AXLES / Height > 1.3 m (measurement at the front axle)

CLASS 3

3 AXLES

CLASS 4

4 AXLES

CLASS 5

**5 OR MORE
AXLES**
